*"One Book , One pen , one child &
one teacher can change the world".*

Mr. Anil Kaushik
Chairman

From the CHAIRMAN'S DESK

The passion for learning, the quest for education, the zeal for empowerment that embodies the heart of every child who enters the portals of Laburnum Public School where students attain self-discovery through achievement, self-understanding and appreciation. The holistic development in the congenial and caring environs of our campus, bring each innocent heart closer in a melodious song of universality. Academic excellence is a must-do on our priority list, while we encompass the core with a strong value system that shall sustain these youngsters in the journey of their lives. We strengthen their foundations with the bulwark of our Indian culture and tradition but teach them to embrace progressive changes with an open, yet, discerning mind. Armed with the core values of truth, integrity and compassion, LPS shall explore the zeniths of creativity, through their dreams to fulfill them with patience, perseverance and principle. We envisage the continuing growth of our school as a visionary among contemporaries for its unique character of blending tradition with modernity to crystallise the essence of the global Indian. Equipped with state of the art learning and sports facilities, led from the forefront by a team of committed professionals, there is a resonating chord of joie-de-vivre in the community at Laburnum Public School as we work here to create light for others. To achieve this a we-inspiring mission, I expect all co-operation from our stakeholders which certainly will prove a milestone in the field of school education to scale greater and insurmountable heights of excellence. I take the opportunity to congratulate the principal, staff, students; every effort of the team is highly appreciated who has contributed towards making learning so meaningful.

Warm Regards

Mr. Anil Kaushik
Chairman

Dr. Bhavna Chibber
Principal

From the PRINCIPAL'S DESK

We strive to provide education that explores, challenges, and grooms every aspect of the child's personality by facilitating seamless learning targets towards excellent academic performance through the incorporation of the latest teaching approaches. In this prestigious institution we diligently follow the Four 'S' that are SAKSHAM, SAMARTH, SAKSHAR and SANSKAAR, endeavoring to groom our students into becoming wholesome personalities. A school plays a crucial role in shaping a child's future. A school provides the foundation needed to view the world as a limitless space providing innumerable opportunities to shine. We also ensure that we are actively working on the physical, social, emotional, and spiritual training of our children. All children can learn and commit to nurture the potential within them. We focus on contextual learning based on a constructivist theory of teaching & learning to provide techniques such as problem-solving, learning by doing & inquiry-based learning. Our teachers help students to test their ideas, draw conclusions & inferences in a collaborative learning environment which transforms the students to become active participants in the learning process. Teachers, at LPS, are professionally equipped to develop adapt and modify curriculum content, pedagogy & assessment which suit the needs and aspirations of our students. We work towards a holistic, experiential, integrated, student-centered educational system that helps to improve the creativity, critical thinking, and problem-solving skills of our young learners to equip them for the ever-changing employment dynamics and global ecosystems. LPS is persistently heading not only towards the growth of its students but its teachers by conducting regular workshops, seminars, in-service courses and training programmes to re-establish them at all levels as the most respected and essential members of our society, because they truly shape our next generation of citizens. At the end, I express my deep sense of gratitude towards our worthy chairman, Mr. Anil Kumar, a visionary leader in the field of school education, who have always guided us in realising the challenging and pious mission of achieving quality education for our students.

Best wishes to all our students, staff, parents and alumni.

Warm Regards!

Dr. Bhavna Chibber
Principal

Introduction

Laburnum Public School was established in 2013. LPS is a co-educational school affiliated to Central Board of Secondary Education. The school exhibits a unique system where we provide a holistic environment that allows each child to dare to Think big, Think different and Think ahead. At LPS, we dream to nurture upright the global citizens ready to be the torch bearers of the nation. We envision to empower our students to acquire, demonstrate, articulate knowledge and skills. It is a school having plethora of social, cultural and co-curricular activities.

- ✧ Multiple intelligence lesson planning.
- ✧ State of the art infrastructure with a complete CCTV installed building.

Sports Hub

Yoga & Health

Sports training is a special process of preparation of sports persons based on scientific principles aimed at improving and maintaining higher performance capacity in different sports activities. In Laburnum Public school there are various sports training sessions, being held based on interest of pupil like football, kho-kho, skating classes, and cricket etc. Our champions have made an immense contribution to our school by winning inter school competition of football, kho-kho, archery by winning individual and group awards. Our future stars are trained not only to play games, but also build up character of moral values that how to enhance their creative strategy during challenging situations.

Apart from the games and sports regular Yoga classes are conducted in the campus to develop the spirit of meditation among the students. By practising yoga the students will learn about the spiritual and moral values of life.

LPS is the first one in Gurugram to open Space Lab in school campus. The school is well equipped with tinkering labs like - Physics Lab, Chemistry Lab, Mathematics Lab, Language Lab, Social Science Lab, Computer Lab and Design Thinking Lab that enable the students to attain the highest level of excellence.
