Circular No.: LPS/2026-27/06 **Date: 06-04-2026**

Dear Parents

Warm Greetings!

Subject: Important Updates about New CBSE Changes for Class 6

We would like to inform you about some important changes introduced by CBSE for students from **Class 6 onwards**. Please read the following points carefully so that you are aware of the new pattern and expectations.

1. **New 3-Language Pattern (R1, R2, R3)**
   - From **Class 6 (2026–27)**, every student will study **three languages** instead of two.
   - In our school:
     - **R1 (Language 1)**: Hindi
     - **R2 (Language 2)**: English
     - **R3 (Language 3)**: Students can choose **Sanskrit or French** (as per interest).
2. **R3 is a Board Subject in Class 10**
   - The **language chosen as R3 in Class 6** (Sanskrit or French) will **continue till Class 10**.
   - In **Class 10 Board Exams**, students will have to **give and pass the R3 paper** (same language they chose in Class 6).
   - Therefore, the **choice of R3 in Class 6 is important and cannot be changed later**.
3. **Language Choice in Class 6**
   - Parents and students must **decide between Sanskrit and French** for R3 at the time of admission/fee submission.
   - Once chosen, the school will treat this as the **fixed R3 language** for the child till Class 10.
4. **New CT Pattern (Continuous Testing)**
   - CBSE has introduced **Continuous Testing (CT)** from Classes 6 to 10.
   - This means shorter **tests, class assessments, and periodic checks** during the year (not just two terms).
   - These marks will be part of the **overall assessment and internal grading**.
5. **AI and Computer Science (Technology Skills)**
   - From **Class 6**, students will have **more focus on computer skills and basic AI-related concepts** (as per CBSE's NEP-aligned curriculum).
   - They will do **practical tasks, projects, and simple coding activities** to build digital literacy.
6. **Increased Emphasis on Practical Work**
   - Students will do more **projects, activities, and experiments** in Science, Mathematics, and other subjects.
   - Marks for **practical work, presentations, and projects** will be included in the internal assessment.
7. **No Carry-Over of Language Choice**
   - If a child chooses **French as R3**, French will be taught and tested till Class 10.
   - If a child chooses **Sanskrit as R3**, Sanskrit will be continued with the same weightage.
   - **Changing the R3 language in future is not allowed** under the new CBSE scheme.
8. **What Parents Need to Do Now**
   - **Discuss with your child** whether they want to take **Sanskrit or French** as the third language.
   - **Inform the school officially** (via form/portal/office) by the given deadline.
   - **Support your child** in regular practice of all three languages and new computer/AI skills.
     If you have any doubts or need clarification, please feel free to contact the **Class Teacher**.

Warm regards,
Principal
